Note:

- An aircraft mentioned in this certificate is registered in Australia under the Civil Aviation Safety Regulations 1998 and bears an Australian registration mark or serial number, but not an Australian nationality mark. Before operating the aircraft outside of Australia, the person holding this certificate should ensure that the operation is compliant with foreign civil aviation legislation and operating rules and enquire further with the National Aviation Authority of the jurisdiction in which the operation is intended whether the absence of a nationality mark is acceptable.
- The person holding this certificate should carry it on them at all times, including electronically, when operating an aircraft mentioned in this certificate.

It is hereby certified that the above described aircraft has been duly entered in the Australian Civil Aircraft Register in accordance with the Convention on International Civil Aviation dated 7th December 1944 and the Commonwealth of Australia Civil Aviation Regulations.
